				LETTER NO. FMS/D/SSS/G-7

TO : Chief, Production Services Division

FROM:

ATTN:

25X1

In an enclosure to your memorandum of 8 December subject: Prototype Model of ☐ Briefing Board Enlarger, it was stated that consideration should be given to providing two additional lenses to extend the magnification of this enlarger to 160X.

If it is desired to pursue this additional work, we will request a proposal on it and handle as a separate task. We estimate that the cost will be in excess

If you feel that you have a firm requirement for this development, will you please give us a memorandum to that effect so we can take action to get the task underway. I presume that you understand that exposures will have to be much longer at the high magnifications because of the small area of the negative being covered.
